In-person and online events at Stockholm+50

(1) How to create a long-term Faith Plan for your faith community

FaithInvest, with **LM International** (Läkarmissionen), will host an in-person workshop on how faith actors can develop long-term environmental action plans on **Thursday June 2, 11:00 to 13:00 at the Swedish Mission Council**. This interactive workshop will:

- Build capacity among faiths to recognise their role as stakeholders and turn their commitment into action through their participation in the Faith Plans programme.
- Showcase initiatives and examples of faith-led environmental action.
- Leverage long-term faith based environmental action.

The workshop will help participants develop a greater understanding of the range of opportunities within faith-community life, to bring about social and ecological transformation.

(2) Guided by Faith: An evening of conversation, learning and sharing

FaithInvest, with our partners **The Focolare** and the **Brahma Kumaris**, will host an in-person and online gathering to celebrate the work of faiths leading the way on restoring right relationships with each other and with our planet. The evening will begin at **19:00 on Friday June 3, at The Community House** of the Catholic Cathedral in Stockholm. Light refreshments will be provided.
